Tools & Methods: Git, GitHub, Vercel, Postman, VS Code, Agile, Scrum, CI/CD Workflows

PROFESSIONAL EXPERIENCE

Frontend Engineer / Full Stack Developer | Luxor Booking Tours *Oct 2025 – Jun 2026*

- Developed modern, high-performance frontend applications using React and Next.js for production use.
- Built reusable, maintainable UI components to accelerate feature development and ensure design consistency.
- Integrated frontend systems with backend REST APIs to deliver seamless, data-driven user experiences.
- Implemented responsive, mobile-friendly interfaces with a strong focus on cross-browser compatibility.
- Improved application performance and user experience through frontend optimization techniques.
- Collaborated with backend developers and stakeholders across the full feature lifecycle, from development to production deployment.

IT Support Intern | Agricultural Bank of Egypt *Oct 2023*

- Supported enterprise software environments and assisted users with technical issues across multiple branches.
- Maintained system reliability and operational continuity through proactive troubleshooting.

KEY PROJECTS

Hospital Management System — React, TypeScript, ASP.NET Core API, SQL Server

- Built responsive healthcare dashboards with role-based user experiences using React and TypeScript.
- Developed reusable React components and integrated secure backend APIs for patient and appointment data.

Farhetak — Wedding Hall Booking Platform — React, Next.js, TypeScript, TailwindCSS

- Developed responsive booking and reservation interfaces with optimized, real-time user journeys.

Personal Portfolio Website — Next.js, TypeScript, TailwindCSS

- Built and optimized a modern, SEO-friendly portfolio site to showcase projects and technical expertise.

EDUCATION

Bachelor of Computer Science | Luxor University *2019 – 2023*

Information Technology Institute (ITI) — .NET Full Stack Web Development Track *2025*
